Dear Dr. Parker:

Re: ML 25282 - Northwash Section 36

We are in receipt of a copy of correspondence dated June 1, 1978 addressed to you from Mr. Brian Buck, Department of Natural Resources, State of Utah.

Please reference paragraph 3 of Mr. Buck's letter in which he states that, as Lessee, Minerals Recovery Corporation is responsible for posting the surety with the State of Utah.

I have reviewed our Purchase Option and Agreement to Sell on the ML 25282, Northwash Section 36 property and your attention is called to paragraph 5. Reclamation. Said paragraph 5. specifically releases MRC from any obligation or requirement to the State of Utah imposed by mining land reclamation or safety and environmental protection laws.

I am enclosing for your records a copy of a letter I've written to Mr. Buck advising him of the same.

Sincerely,
MINERALS RECOVERY CORPORATION
